Portrait of an Empress

The historic figure of Empress Elizabeth of Austria

The fascination of a modern icon – beautiful, rich, rebellious, tragic

Her life – depicted in the most intimate facets

ON 10 SEPTEMBER 1898 the news shocked all of Europe: Empress Elizabeth of Austria murdered in Switzerland! Elizabeth's tragic death ended a turbulent life marked by yearning and restlessness. Her assassination was the beginning of what was to become the "Sisi myth", which found its culmination in the beloved Sisi films and lives on today. No other monarch in history has been posthumously stylized into such a radiant icon as Empress Elizabeth. The reality behind the

façade, however, is all the more fascinating: an empress who breaks free of the corset of her position in order to live her own nonconformist, extravagant life away from the public eye.

This book leaves aside the conventional clichés, embarking instead on a search for the true character of Elizabeth of Austria, making use of the latest scholarly research, historic sources and authentic pictures from her life.

The author

Katrin Unterreiner studied history and art history at the University of Vienna and was for several years Research Director of the Schloss Schönbrunn Kultur- und Betriebsges. m.b.H. and Curator of the Sisi Museum in the Vienna Hofburg, which opened in 2004. Since 2013 she has been Curator of the Imperial Family Collection Plachutta. She is the author of numerous publications about the Habsburgs, the Vienna Hofburg, and the cultural and everyday history of the Austro-Hungarian Monarchy.
